Consolidated Program Assurances

The School Site Council (SSC) develops and revises the Single Plan for Student Achievement (SPSA) and the corresponding budget to be presented for approval to the Board of Education of the Fresno Unified School District annually.
The SSC, and all advisory committees, are formed in accordance with procedures established by federal or state law and regulations, and with membership parity as mandated. The advisory committees provide input on the SPSA.
The principal is an active member of the SSC and participates in regularly scheduled meetings throughout the school year. Classroom teachers, school staff, parents and students (secondary level only) are also participating members.
The school's SSC, staff and parents participate in a needs assessment to help guide SPSA development.
The members of the SSC, the school's English Learners' Advisory Committee (ELAC) and members of other advisory school committees receive information and data detailing the needs of students during the SPSA development process and the comprehensive needs assessment. Information for all significant subgroups includes the economically disadvantaged students, students with disabilities, gifted and talented students, English Learners, and foster youth.
School sites schedule SSC and ELAC meetings yearly to elect officers, designate representation for district meetings (DAC and DELAC), and provide input for the SPSA. ELAC may vote to consolidate with the SSC every two years.
Opportunities for parents to participate in the development of the SPSA are provided by all schools, as described in the Elementary and Secondary Education Act (federal law), California Education Code, and the policies and regulations of the Fresno Unified School District Board of Education. The SPSA includes strategies to improve parent involvement and examples of the Parent Involvement Policy and the Parent-School Compact.
Strategies to improve student achievement, meet measurable objectives, provide high quality professional development, and support struggling students through the use scientifically-based research are included in the SPSA. The SPSA reforms and supplemental funding provide opportunities for all students to meet state standards by extending learning time, supporting grade-level and school-level student transitions and providing social-emotional supports for students.
The Single Plan for Student Achievement is reviewed and revised during the first semester of each school year, and re-evaluated and re-written during the second semester of each school year for annual approval by the Board of Education.

Step 3: Review actions funded by Title I last year and explain their effectiveness and any changes planned for use of Title I funds:

Title 1 funds for 2017-18 were used for professional learning in mindfulness and SEL which resulted in the implementation of GROWL- an acronym taught to students to Give it your all, Redo if necessary, Overcome fear of failure, Win in your head and Learn from Mistakes. In terms of Title I for 2018-19, Title 1 funds will be used to fund our HSL who will create workshops around teaching parents how to support their students at home and increase opportunities for parent participation in support of academic growth of their students in English and Math. As well, it is the goal of the school with the help of the HSL to significantly increase the amount of parent participation for all student- specifically African American and Long Term EL parents to at minimum quarterly participate in school events.

Students will be taught to explain their goals for each quarter using a script from their agendas. Common Formative assessments will be created (using illuminate/white board/software/Near Pod, PLI tablets) to identify effective instructional practices and increase knowledge of focus standards with common academic language across content areas and highlighted throughout the school so all students of color are able to visualize reminders. Increased use of common formative assessment with results applied to individual student instruction. Materials and Supplies for a strong first teach and evidence to support the direction for a reteach during Co Teaching Days, Extended Library Time.

Explain the actions for Parent Involvement (required by Title I):

Student report cards will be sent home to parents immediately after each quarter is completed. School-wide and grade level results from interims will be regularly communicated to the SSC/ELAC. Regular communication to parents about our iPLC cycle, assessments, grade progress will be conveyed through individual student reports sent home with students for their families. Goal 2 Metrics	Current %	Target %
Goal 2 Participation Rate	76.271	83.271

Needs Assessment

Step 1: After selecting the metrics, analyzing the current school dashboard and the relevant site data, conduct an analysis and answer the questions below.

1 What were the key factors that contributed to these performance outcomes for each metric.

Goal 2 Participation Rate

- Participation in athletics and clubs
- Club Rush Week (2xs per year)
- Collaboration between staff and clubs to promote and increase participation
- Transportation provided for students who participate in athletics and clubs after school
- Elective activities provided after school as part of student's academic grade

2 What were the key factors that contributed to the disproportionality for any significant subgroups.

Goal 2 Participation Rate

- Participation in athletics and clubs
- Club Rush Week (2xs)
- Coaching mentoring
- Collaboration between staff and clubs to promote and increase participation
- Transportation provided for students who participate in athletics and clubs after school
- Elective activities provided after school as part of student's academic grade
- Black History Month program
- African American Studies and Latino Studies not connected with BSU and Latinos For Excellence or Nativos, Spanish/ELD and Folklorico. There needs to be a direct connection to increase Goal 2 participation.

Step 2: Share the data and analysis with the School Site Council (SSC), English Learner Advisory Committee (ELAC) and school staff, as required. Record feedback and suggestions from each group below.

1 SSC:

On February 28, 2018, a School Site Agenda Item was listed in order to review the 2018-2019 SPSA format. The following feedback and suggestions were received to increase engagement, arts, activities, and athletics:

- Book Club
- Folklorico
- Saturday Activities (Fun)
- Music Appealing to all Cultures

2 ELAC:

On February 15, 2018, an English Language Learner Committee Agenda Item was listed in order to review the 2018-2019 SPSA format. The following feedback and suggestions were received to increase engagement, arts, activities, and athletics:

- Book Club
- Folklorico
- Saturday Activities (Fun)
- Music Appealing to all Cultures

3 Staff:

On February 20, 2018, a Microsoft Form Survey was emailed to staff for input. The following feedback and suggestions were received to increase engagement, arts, activities, and athletics:

- Motivational strategies such as incentives and rewards
- Connect Goal 2 activities with electives
- advisory lesson on Goal 2 activities-recruitment
- More and better clubs. We can get more students in that per quarter than sports if there is good enough clubs.
- Maybe an Athletic Director from the district could have a one on breakfast or lunch with a student that can personally

- choose that they see potential, but could use a little "boost"
- Our school provides multiple opportunities to engage in arts activities and athletics. If anything, there could be intraschool sports
 - School Play?
 - Offer different types of clubs that meet various student interests. How can we get teachers to be willing to sponsor a club? Or get students to create their own club and ask a teacher to sponsor it for them.
 - Add a theater performing arts class.
 - Make clubs and activities more well-known Posters and announcements aren't doing them justice. We need a true rush where students who are already in the club get to speak about their activities and what they do. Students should be encouraging each other to join.
 - The contracts worked well getting everyone involved in a goal 2 continue doing that. Students who are not engaged in any goal 2 activity should be sought out by a caring adult to work with them in finding a goal 2 activity they could do, allow them to come and "sample" different clubs until they find one they can belong in.
