Step 1: After selecting the metrics, analyzing the current school dashboard and the relevant site data, conduct an analysis and answer the questions below.

1 What were the key factors that contributed to these performance outcomes for each metric.

SBAC ELA 3-8, 11 - Meets or Exceeds Standards (grades 3-11)

As of 2016-17

- 53% of our students met or exceeded standards on ELA CAASPP

Key Factors:

- AC work around selecting essential standards, creating CFAs, analyzing data to improve instruction and build RTI within various AC teams
- school wide focus on literacy
- tutorials offered before school, at lunch and after school in subject specific areas
- technology in all ELA classes
- AVID strategies implemented school wide

Enrollment in AP/IB

Our lowest performing subgroups in this area:

As of 2017-18:

- 13% of our African American students are enrolled in at least one AP course
- 8% of our ELL students are enrolled in at least one AP course

Key Factors:

- insufficient support systems
- students lack sufficient literacy skills

Step 2: Share the data and analysis with the School Site Council (SSC), English Learner Advisory Committee (ELAC) and school staff, as required. Record feedback and suggestions from each group below.

1 SSC:

- appreciated availability of multiple tutorials
- additional support of PLUS teacher recognized and wondered if making a difference in scores
- liked that through the growth in collaboration, teachers were beginning to standardize grading and expectations around student workload

2 ELAC:

- Currently 20% of our LTEL population has been redesignated, this is a marked improvement, from 9% in 2013-2014
- Total EL population is growing in terms of the percentage who have passed the CELDT exam, 13.61%
- Total EL population is not completing their redesignation cycle as planned because their normed assessment (PSAT, Interim, CASSPP, SAT) scores are low 8.91% pass rate
- *ELAC feels we need to work on messaging the importance of both tests to complete the redesignation process through possible homeroom messaging, chats, teacher communication and awareness. We can provide PL on redesignation cycles and work with teachers who have EL students "on track" to redesignate

3 Staff:

- Shared tutorial sessions - lots of opportunity but do all kids know about the sessions (when and where)
- AVID strategies and classes offered - great support
- AP support
- PLUS teachers support

Step 3: Review actions funded by Title I last year and explain their effectiveness and any changes planned for use of Title I funds:

- Additional computers to support student literacy in other content areas. Computer carts are in all English classes and math classes; alg 1, geo, alg2. We would like to continue to increase our student technology use on campus
- Teacher supplemental contracts for tutorials in specific subject areas. These have been utilized to support student learning. D/F rate was down in Q1 - 2017
- FTE .4 position was not utilized this year. Our D/F rate dropped so the need for additional sections was not needed this year
- Spanish HSL is a vital position as nearly 50% of our students are Latino. We will continue this position

Action 1

Title: Proficiency in Mathematics

Action Details:

Detail the action: Currently, 12% of our juniors met or exceeded standards on the mathematics portion of the CAASPP. By June 2019, 19% of the juniors will meet or exceed standards on the mathematics portion of the CAASPP.

Sunnyside High School will implement strategic mathematical supports for all students aligned with the Common Core State Standards. An emphasis will be on performance-based learning and mastery of conceptual mathematics that embed the eight mathematical practices as well as address focus, coherence and rigor. Teachers will engage in professional learning and collaboration in their AC's centered on common formative assessments, performance-based tasks and responses to intervention. Students will be supported in math classes as well as in tutorials provided by math teachers throughout the year. During the 2018-19 school year, a computer lab assistant will address technology needs of students and teachers throughout the year as many math classes utilize the Big Ideas computer component. A support teacher will support our EL students.

During the 2018-2019 academic school year, Sunnyside High will put in place a multi-tiered system of interventions for attendance, including providing four part-time positions "Advocates" one for each University Office to support the needs of all students. Interventions will be strategically designed for those who are identified as chronically absent. Sunnyside will also continue the monthly attendance parent meetings that provide parents and students with information regarding attendance and strategies to support the improvement of attendance as well as resources available. Our advocates will focus on our SPED population and work with SPED teachers to help improve student attendance.
